Home Screen

- At the top you can find general information.

Check the listed Name and plate number.

Any deviations have to be reported immediatley via telephone to **inTime** or via **Messenger**.

- As soon as you receive an active order, the next position will be displayed here.

Read all **orders** to start with the processing.

FAQ

- **What I have to do if the name or plate number is not right?**

Messenger

- With an active order from **inTime** you can use the messenger.

Use the Messenger to support **inTime** with some additional information about the transport.
In addition to text messages it is also possible to create **photos** as well as **documet-photos**.

Order list

- The order list shows all open order-positions.

Read all orders to start with the processing.

Within the positions you have the possibility to swipe trough the list.

What I have to do if the name or plate number is not right?

In case of inconsistencies of your data inform **inTime** immediately.
